Huh? What

Hey!!!

Ah...

YO... YOO!!!
Wait.

Huh?

It's class time right now. You can't stand up.

What?

Taper. For today... What are we going to do from now on?

If you have an opinion then please say it.

Well...

Why did you leave without a word?

.....

I went to see you, I...

Yes, you came.
What are you going to do about it?

Will we be able to stay friends? If that event never happened then you would still hate me.

The first time you met me you called me bitch...

.....

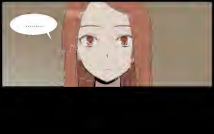
Y... yeah but, not anymore.

You and I...
could have dated.

.....

Baka...
Are you able to?
Do you feel the emotions?

It's hard. I could have come to like you
If it's you...



.....

Sorry but, that opinion couldn't pass.

Like and dislike... and what? We every problem be solved?
Huh?
Could one be my saviour?

.....

Right about now
it's right to go on
different paths.
Especially
people like us...

I said so didn't I?
Remembering my 'Yi'
is enough.
It's okay for
we just share.

Yeol..?

It doesn't continue
anymore. I'm just a
part of your memory.
So leave aside.

Hey, how...how
can you?
I...!!

Bye.

Yeol...
